

Study Desk

Typical Description

Each Student Bedroom room shall be provided with a study desk suitable for study, laptop use, reading, and administrative work.

The study desk shall:

- Be constructed from moisture-resistant commercial-grade laminate (preferred finish: white), veneer, or equivalent durable material suitable for hospitality use;
- Provide a stable, level work surface;
- Accommodate a laptop computer, writing materials, and guest personal belongings;
- Include a modesty panel where practicable;
- Be free from damage, sharp edges, and visible wear;
- Be positioned adjacent to a power outlet where practicable;
- Include cable management provisions where practicable; and
- Allow comfortable seated use.

Additional requirements:

- One study desk shall be provided per guest room.
- Drawers are not required.
- Writing surface shall be sufficient to accommodate:
 - Laptop computer;
 - Writing materials;
 - Desk lamp (where provided); and
 - Guest personal belongings.

Minimum dimensions shall be **1200 mm (W) × 600 mm (D) × 750 mm (H)**. The study desk shall be positioned to allow convenient guest use and maintained in good operational condition.

Typical Dimensions

Item	Minimum Requirement
Desk Width	1200mm
Desk Depth	600mm
Desk Height	750mm
Knee Clearance	650mm minimum
